About Us

Morex is a one-stop-shop for the production, installation, supply & service of all professional kitchen appliances & refrigeration equipment. What makes us unique is our extensive range of high quality European professional kitchen products including products manufactured at Morex's state of the art manufacturing facilities, by our team of experienced project engineers, designers, craftsmen & technicians, ensuring international quality & standards.

What sets us apart even more is the complete capability to custom make any model as per your individual requirements.
